

LAUNDRY PRO 2.0

A BEYOND BY AERUS TECHNOLOGY

with optional
ActiveClean Port

ADAPTER FOR HOUSEHOLD CLEANING

Since the Laundry Pro 2.0 has been specially designed to convert common, ordinary tap water into water with hydrogen & oxygen-based oxidizers that is powerfully effective for cleaning, this activated water can clean much more than just your laundry!

INTENDED USE

When the Laundry Pro 2.0 is used in conjunction with the optional ActiveClean Port adapter, you can easily access the same water with oxygen based oxidizers to use in other household cleaning applications. Simply divert the water via the adapter into a bucket or spray bottle!

BENEFITS

- Can save you hundreds of dollars a year on cleaning supplies
- Protection from exposure to harsh chemicals and synthetic fragrances
- Protect the environment by reducing the number of bottles normally associated with household cleaning
 - Window cleaner
 - Floor cleaner,
 - Bleaching agents
 - Dish soap
 - Stain removers and more
- The cleaning power of water with hydrogen and oxygen-based oxidizers is effective at room or cold temperatures
- The cleaning power of water with hydrogen & oxygen based oxidizers produced by the Laundry Pro 2.0 is effective at room or cold temperatures
- Hot water and soaps are no longer needed
- Using The ActiveClean Port Is Easy!
 1. After you've attached the port, allow Laundry Pro 2.0 to operate for at least 10 seconds before collecting the Laundry Pro 2.0 water for use.
 2. The hydrogen & oxygen based oxidizers in the Laundry Pro 2.0 water is at its most effective when used within 20-30 minutes of being dispensed.

Think of it this way: wherever you would use an ordinary cleaning product, Laundry Pro 2.0 water can be used instead, without the cost or chemical irritants.

You can clean:

- laundry
- countertops
- refrigerator interiors
- sink basins
- tile
- shower doors
- stovetops
- shower curtain liners
- floors
- car interiors
- playrooms
- windows
- door handles
- toys
- jewelry
- grout

...all without chemicals and harsh detergents that can leave behind a film, residue or unpleasant odor.

A Clean Like You've Never Known Before

ActivePure® was created in the USA by Beyond by Aerus, a leading technology company with over 90 years of history and innovative products that have been recognized by the Smithsonian and trusted by millions of families.

The ActivePure® Technology built into each Laundry Pro 2.0 is based on a variation of the technology originally developed for use on the International Space Station and is recognized as the exclusive Certified Space Technology™ in its category.
